

REMARKS

This amendment is responsive to the office action mailed March 9, 2006. Claims 1-13 are pending in the application. The undersigned gratefully acknowledges the allowance of claims 1-3 and 6-13.

CLAIM REJECTION UNDER 35 U.S.C. § 112

Claims 2, 4 and 5 were rejected as providing insufficient antecedent basis for various terms used in these claims. The undersigned has reviewed all of the above-mentioned claims and has made minor amendments to claims 2 and 5, to eliminate any possibility of a lack of antecedent basis for the limitations used therein. Claim 4 has been cancelled without prejudice.

Minor amendments have been made to claim 1 to recite a "base station component". This eliminates any possible ambiguity as to this limitation. The undersigned has reviewed all of the remaining claims, in addition to the specification of the application, and believes that the claims are all now in form for allowance.
